Overview CoARA Knowledge Sharing Platform Discussion Boards

If you would like to have another Discussion Board opened on a different theme, please email: WorkingGroupCall@coara.eu

Metrics & Indicators

EoI1 - Challenges of the research assessment reform in the European University Alliances

EoI2 - Experiments in Assessment – Idea generation, co-creation, and piloting

EoI3 - Assessment practices of research funders

EoI4 - Researcher Career Assessment

EoI5 - Assessment of Early-and-mid-Career Researchers (EMCRs)

EoI6 - Alternative modes of research assessment

EoI7 - Reforming academic career assessment

EoI8 - Assessment of Applied/Practice-Based Research

EoI9 - TIER - Towards an Inclusive Evaluation of Research

EoI10 - Open Science and centralized and administrative evaluation of research: an odd couple?

EoI11 - Cultures, Practices and Regimes of Research Assessment in Europe

EoI12 - Giving Research Culture a Voice – Involving people in Culture Change

EoI13 - Practice-based Guidelines for Research Assessment

EoI14 - How to document structured information on competences and research output and share it through interoperable CV formats

EoI15 - Résumé for Research and Innovation(R4RI)-like Narrative CVs Community roll out Working Group

EoI16 - Including the Societal Impact in Narrative CVs

EoI17 - Assessment of transdisciplinary research proposals

EoI18 - Evaluate Social Sciences, Art and Humanities (SSAH) across Europe

EoI19 - Assessing Impacts: From Transfer to Transformation

EoI20 - Multilingualism and language biases

EoI21 - Responsible assessment practices and societal impact indicators within SSH disciplines

EoI22 - Metrics and indicators working group

EoI23 - Responsible and efficient quality indicators for the social, behavioural, cognitive and life sciences

EoI24 - An effective integration of indicators and qualitative assessment

EoI25 - Recognizing open science in research assessment

EoI26 - Open Infrastructures for Responsible Research Assessment

EoI27 - Qualitiative evaluation of scientific legal research

EoI28 - Reforming the assessment of scholarly publishing output

EoI29 - Working group on administration and governance of research assessment reforms in (bio)medical disciplines and related fields across institutions

EoI30 - Evaluation of research units and teams

EoI31 - Core Commitments 1-3 in practice: Organizing, guiding, and informing research assessment adequately

EoI32 - Rewarding peer review activity in research assessment
